**Norm Leggett
Department of Emergency Communications
10600 Aviation Blvd.
Marathon, FL 33050**

Dear Norm,

We are experiencing coverage issues in the Upper Keys with our Motorola 800mhz radio system. In order to solve this problem my Office has secured permission from the Department of Transportation to place an antenna at their Tea Table Tower location. The cost estimates from Motorola for engineering, program management and equipment are approximately \$496,000.

At the present time, we have secured a grant from the Department of Homeland Security in the amount of \$158,000 to apply toward the project. I would like to request your support in funding the remaining balance of \$338,000 from the Interagency Communications fund.

Our radio system is used by a number agencies and is, in my opinion, a model for interagency cooperation. The following agencies are currently using the system:

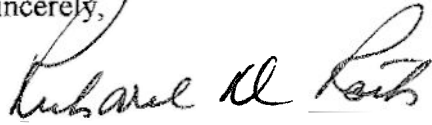

Agency	# of Radios on the System
Sheriff's Office/Public Safety	342
FBI	9
KCB Police	6
Key West Fire Dept.	36
Key West P.D.	147
County Communications	11
Monroe County Fire Rescue	4
Monroe County Public Works (Jail)	9
Probation & Parole	7
U.S. Boarder Patrol	18
U.S. Marshalls Office	1
County Social Services	26
Key West Code Enforcement	4

In addition, the Florida Keys Aqueduct Authority (124 users) and Keys Energy Service (100 users) are presently negotiating with my Office to begin using the system.

Any assistance you can provide regarding this matter would be greatly appreciated

Sincerely,

A handwritten signature in cursive script, appearing to read "Richard D. Roth". The signature is written in dark ink and is positioned below the word "Sincerely,".

Richard D. Roth
